

## GOSAG Sandwashing Plants Questionnaire

We need information that is as detailed as possible to provide the best design of a GOSAG sandwashing plant. Of course, we treat your data confidentially.

### 1. Customer information

Customer: Contact via:  
Street: Postal code: City:  
Contact person: Position:  
Dept.: Tel.:  
Mobile: Fax:  
Email:

### 2. Activity

Sector: Products:

Process technology in use:

Drying Screening Sorting Washing Cooling

Manufacturer:

### 3. Field of application

Objective:

Material:

Maximum grain size: mm  
Natural sand: %  
Crushed sand: %

Sand grain distribution:

mm %  
mm %  
mm %  
mm %  
mm %  
mm %

Passage (< 80 $\mu$ ) %

Composition of the raw material: Filler Clay

Are there stones / clumps / agglomerates? Yes Size mm No

Miscellaneous:

Raw sand feed quantity: t/h  
Available water flow: m<sup>3</sup>/h

Is the water to be purified and the sludge diverted?

Yes No

#### Detailed setup information

Setup location (country, city, address):

Setup outdoors Setup indoors

Max. permissible sound pressure level of the plant components  
at a distance of 1 m as per DIN 45641: dB(A)

Min. ambient air temperature: °C

Max. ambient air temperature: °C

If you would like some setup suggestions, we request a plan view and a sectional view of the building with information on the layout, ideally in a CAD format, to design the plant components.

#### Miscellaneous specifications

Are there factory-internal technical specifications, systems of rules or regulations for specific makes or component types?

Yes No

(If yes, please supply them.)

Are specific certificates needed (for example, motor certificates)?

Yes No

(If yes, please specify which certificates are required.)

#### Delivery (as per Incoterms 2010)

FCA Avilés FOB harbor CIP destination

Remarks:

#### Important notice:

In the case of toxic, flammable, explosive or materials that are hazardous in any other way, please include appropriate documents (safety data sheets, analysis methods and reports) and list them as an attachment.

Company stamp and signature

Date

The signatory confirms the correctness of the data given above.
